ARE YOU SMARTER THAN A BCP STUDENT?

BALTIMORE

CURRICULUM

PROJECT

ABOUT BCP

Founded in 1996, the Baltimore Curriculum Project (BCP) is the largest operator of local neighborhood public charter schools in Maryland. The BCP mission is to develop, implement, and advocate for an equitable, sustainable, and replicable education model that improves student outcomes and opportunities and raises educational standards for all youth in Baltimore City schools.

BCP established the "Are You Smarter than a BCP Student" Gala in 2012 as a fundraising event that would encourage our community to come together and celebrate our students' accomplishments as well as support important programs and initiatives across BCP schools.

ABOUT THE EVENT

Held at the Baltimore Museum of Industry, the event attracted over 200 sponsors, friends, BCP board members, as well as BCP administrators, faculty, and staff. During the evening, two teams of talented BCP students - 5th graders and 8th graders - competed against a celebrity team in two exciting rounds of questions drawn from the BCP curriculum.
