

This is a conceptual vision, not the final design.

Invest in Our Neighborhood.

At Hampstead Hill Academy, we're working to build a brand-new playground designed just for our Pre-K through 5th graders. This new playspace will help our kids stay active, spark their creativity, and strengthen friendships every day. Together, we can make it happen for our children and our community!

We're More Than Halfway There!

Thanks to the incredible generosity of the HHA PTO, the Richman Foundation, the Golfers' Charitable Foundation and individual donors, we've already raised over half of the funds needed for our new playground.

Our goal is to raise the remaining funds by January 2026 so we can start installation in the spring.

How You Can Help

As parents, neighbors, and friends, we can make this playground happen together. Every gift brings us closer to giving our kids the play space they deserve!

Donate now

You can **BEE** the one to help us reach our goal!
